

Employee Tax Service

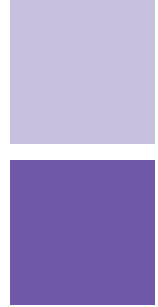

Maximising your tax savings

Did you know that less than half the tax payers in the UK are paying the correct amount of tax?

Whilst there's no dispute about the efficiency of employers' PAYE (pay as you earn) schemes. The number of benefits offered by businesses is increasing, making tax returns more complicated. Often, additional relief is only available by claiming direct from HM Revenue & Customs.

Call us now on 0845 680 7800 to discuss how we can help you maximise your tax savings.

FREQUENTLY ASKED QUESTIONS

I have numerous sources of income, HM Revenue & Customs has never asked me to fill in a return, what should I do?

Many people have additional sources of income from say rental properties, a share portfolio or investment funds. It is your responsibility to inform the Revenue of this income with serious penalties at stake if income remains undeclared. We can advise on tax allowances and reliefs available on these assets to ensure you pay as little tax as possible.

I already fill my own return in on-line, why do I need to pay you to do it?

Our experts complete hundreds of tax returns a year. We are up to date with current legislation and so are aware of all savings available. Make an appointment to meet with us, bring along your tax return and we can look over it. If the additional savings we identify don't exceed our fee, then carry on as you are.
